THINKING OUT LOUD

By H. M. L. Jr.

I am worried about Nevada City. In years past, the town has gotten its income from mining. Mining is practically gone now. When it will return some optimist can predict. For now, the town is living off lumbering and war time fat.

Even optimists view local lumbering as temporary. Some day this town is going to be faced with producing a means of support. Where's it going to come from? The war time fat on which we are living will rapidly disappear.

What I wish to point out is this. The prosperity of the town depends in large degree upon it's population. To prosper the town must grow. To grow, it must furnish employment to large numbers of people When lumbering goes, where is the employment going to come from?

Now that I have put my finger on what I say is our problem. Faithful Reader asks—What does he suggest we do about it? This: Act on the proposition that our town's future prosperity may depend to a great degree on our possibilities as a resort and residential community.

What we need most, in my opinion is: first, to make the town as attractive as possible to outsiders; second, to enter into a broad gauge promotional campaign to put the delights of living in Nevada County nad Nevada City before the people of the state and the entire American public.

Is Nevada County and Nevada City on the map now? If you tell some one down below you're from Nevada City the usual response is. "Oh, yes, I was up in Reno a short time ago, how are things in Nevada?"

Now we have today's DEEP THOUGHT off our mind, we can carry on with the customary trivial LIGHT THOUGHT for today: Are the inhabitants of Piety Hill pious? The residents of Aristocracy Hill aristocratic? The natives of Lost Hill—oh well, that would eventually bring us to Coyote Hill.

In my front yard (on the corner of A and Nihell Streets) is a round depression about three feet in diameter and a foot deep. That is, it WAS a foot deep a little while ago, but thereby lies a tale. It's where Annie exploded. Yessirree, you heard me. The story goes that there was once a well in the front yard of that house and that nearby, in a tumbledown shack, liven an old Negro (Indian? Haitian?) mammy.

The old shack caught fire, old Annie caught fire, and she ran to the well at Nursery and A. She jumped into the well and—EXPLODED! That's all there is to the story except this: I decided to fill up the depression, so got a little dirt put on it and then watered it to make it settle. It settled all right, looks like it was trying to settle right down to China. Where there was a little depression before, there's a hole you could stand in now.

What old Annie's ghost is up to I don't know, or more likely it's the tin cans, someone filled up the old well with, disintegrating. In concluding the story of the ANNIE THE ORIGINAL A-BOMB, I wish to call attention to the fact that the house, known variously as the old Curry house, the old Edinger hoouse and the old Farmer house, is really OLD. Dick Goyne played around on the granite outcropping in that yard when he was a little boy and the house was there then and that was SOME time ago.

Building Foundation Laid At Camp Pahatsi

A highly successful work party was held at Camp Pahatsi over the week end, according to L. H Reynolds, camping and activities chairman and Robert M Frank, scout executive. Forms and concrete foundations for the new wash house were completed. All tents, cots and pads were stored and work was done on the water system.

ELEM. SCHOOL HAS 17 TEACHERS 469 PUPILS NOW

Faculty of the Nevada City Elementary School has been announced by Principal Lloyd Geist a sfollows:

Miss Gertrude Gooyne, Morning Session First Grade. Mrs. Doris Foley, Afternoon Session First Grade. Mrs. Elsie Sharpe, Second Grade. Mrs Elizabeth Ryan, Seond Grade. Mrs. Jean Smollett, Second and Third Grades. Mrs. Mary Warnecke, Third Grade. Mrs. Elise DeMattei. Fourth Grade. Miss Savory Ford, Fourth and Fifth Grades. Miss Ruth Hogan, Fifth Grade. Mrs. Mary Wallis, Sixth Grade. Mrs. Willena Wolfe, Arithmetic. Mrs. Luvia Kilroy, English, Spelling, Handwriting. Mr. John Lewis, Social Science and Boys' P. E. Mrs. Mabel Flindt, Reading, Literature and Library. Mrs. Marian Libbey, Choral Music, Afternoons. Mr. Franc Luschen, Instrumental Music Mornings. Mrs. Isabel Hefelfinger, Public Health Nurse. Cafeteria, Mrs. Laura Foster, Mrs. Mary German, Mrs. Elizabeth Davis. Mrs. Helen Berger, Secretary. Mr. Lloyd M. Geist, Principal. Mr. Richard Nickless, Mr. James Peirose, Custodians. Mr. Ted Sigourney, Bus Driver and Assistant Custodian.

Enrollmen as of September 10th is as follows:

First Grade 67. Second Grade 86. Tridd Grade 57. Fourth Grade 54. Fifth Grade 50. Sixth Grade 47. Seventh Grade 50. Eighth Grade 58. Total 469.

SHORT SUGAR RATIONS WILL CONTINUE

The public will have to go easy on the sugar bowl a little longer.

That is the verdict of the USDA who in handing out the quarterly allocation for the last three months of 1946 comments that sugar rations will be on the short side for at least six months to come.

The allocation for October-December for civilian use is 1,187,000 tons. This is 541,000 tons less than was alloted to civilian users in the July-September period, but slightly more than was allocated for their use in the same period last year, when the nation's sugar bowl dwindled to 1,147,000 tons. Reasons given for the shorter rations for the October-December quarter is the seasonal decrease in use, following the peak of the canning season.

Total sugar allotment for civilian use throughout the calendar year, counting the October-December quarter will be 5,400,000 tons or about 72.3 pounds per person.

To aid those east of the Mississippi who have been having difficulty getting their coupons honored beet and cane sugar are being moved from the west to the east. Considerable quantities are reported as having been moved despite transportation trouble.

The October-December allocation includes 51,000 tons for re-export The sugar is brought in to the United States from Cuba for refining in order to provide work in U. S. refineries.

Only bright spot on the horizon according to USDA is six months distant. At that time the Caribbean crop begins to move in volume. Until then no improvement is expected.

Reunion For Former Nevada County Residents

Nevada County residents are receiving invitations to the Nevada County reunion in Mosswood Park, Oakland to take place Sunday, September 15.

Due to removal during the war years of many residents of the county to engage in war work, some of whom remained in the bay area and the number of those residing here who annually attend the event, a large gathering is anticipated.

Thomas Benny, formerly of this city heads the Nevada County reunion association this year. He is assisted by Edward Morehouse, formerly of Grass Valley, in making arrangements for the picnic reunion.

TWIN CITIES IN DRIVE FOR CONCERT ASSN. MEMBERS

Encouraged with the results attained in other communities the Twin Cities Concert Association will launch a membership drive for 800 members starting on September 16. Mr. Robert Ferguson, Chicago representative of the Community Concert Service will assist local officers and members in a one-week all-out campaign. With his membership assured, a local committee can schedule national figures in the music world for local presentation.

A membership entitles one to attend all conrerts. The membership is transferable. By reciprocal agreement, memberships are honored in other communities. Under the plan a Nevada County member could attend a concert in Sacramento, Chico or Marysville.

Under the Community Service Program no single admissions are sold. It is a permanent music association based on membership.

After 20 eyears experience th Community Concert Service has accomplished these things:

1 It has created million of new music lovers.

2. It has made concert series permanent in over 800 cities and towns with no financial risk.

3 It has made possible the presentation of great theatrical entertainment such as ballet and opera companies in many cities which otherwise might not have enjoyed these advantages.

Phillip Bradley, president of the Twin Cities Concert group states: "There may be a question in some minds as to what type of program we can offer. The local committees schedule programs from a national list once our local membership is established. We, the officers of the local group, are taking our chance in what we consider a sound program—the best for our set up and we are asking the music lovers of the county to go along with us on this program. I am sure we can expect the best".

Bradley added, "it is not a matter of selling tickets and taking a risk on getting sufficient admissions to pay a music series or for the appearance of a great artist. It is our concern to establish a permanent music organization in our county. We must work and once that membership is established, we can make our selection."

To the minds of local people several questions are likely to be asked. For their benefit the local organization anticipates these and endeavors to answer:

1. Just what is this Community Concert Series?

Ans: It is a permanent organization having the best in national artists. It is a non profit organization. The money from membership is spent for programs and cost of local administration in booking these programs.

2 Do local associations have a free selection from all artists?

Ans. Yes. The attractions to appear on the annual series of each city are selected by the local committee and no restrictions are placed upon them beyond the mechanical one of current territorial availability.

3 Why do the associations deal through a national group and they in turn deal through managers?

Ans. The Community Concert Service is a national organization and has national influence; it has been in the game for over 20 years. All important artists and musicians place themselves under contract with some management.

4 Why can't a local make a schedule, sell tickets and conduct its own?

Ans. It has not the financial backing, the contacts with the music world. The cost would be prohibitive. This type of thing is too risky.

5 What determines an artists fee?

Ans. The same law of supply and demand that governs all prices.

6 Who are some of the artists available?

Ans. That depends on the membership, the availability of artists at the time the membership is established.

In some communities as small as ours these have appeared: Father Flannigan's Boys Town Choir, Platoff Don Cossacks, Russian Chorus; Columbia Grand Opera Quartet, Lily Pons, Rise Stevens, Nelson Eddy, Helen Traubel and scores of others.

"What other communities did. Nevada County can do," stated President Bradley in urging all music lovers in the county to work for this movement.

A dinner meeting will be held at the Bret Harte Inn Monday evening, September 16 for workers. A worker is one willing to sell ten memberships. Interested people in Nevada City can reserve seats for this meeting by contacting Bert Foreman, Genieve Elliott, Franz Luschen, Rev. Joseph Moore or the secretary, Ellen Stinson, Grass Valley.

FISHERMAN MISSING 24 HOURS FOUND

Walter Southworth, fisherman who was lost for 24 hours between Sunday afternoon and yesterday, was found at 2 o'clock Monday afternoon in Long Canyon tired and a little hungry but otherwise unhurt.

Southworth who resides at 162 Effie Street, Fresno, was fishing with O. A. Stalshmmidt, a bee keeper of Gold Flat adjoining this city. The two became separated Sunday afternoon. Stahlschmidt returned to camp and when Southworth did not show up, began a hunt. Finding no trace of him. Stahlschmidt notified the sheriff's office early Monday morning.

Carl Larsen and George DeSoto, deputies found the missing man yesterday afternoon about 2 o'clock. He was slowly making his way back to camp. He stated darkness had overtaken him in Long Canyon, in the Bowman Lake country. He built a camp fire over night, breakfasted on broiled trout and left signs along his trail some of which the deputies found.

Miss Eva Flewellen local resident, has gone to San Francisco to spend several months.

NEVADA CITY DELEGATION AT HEARING

A delegation of Nevada City representatives including Bert Foreman, president of the Chamber of Commerce, Si Soofge, secretary, Fred C. Garrison and Harley M. Leete, Jr. are attending the Highway Commission meeting in Sacramento this morning.

Nevada Cityans hope that at this meeting the commission will authorize work on the uncompleted section of highway between this city and Indian Flat.

A delegation from the Grass Valley Chamber of Commerce will appear before the commission.

Bear River School Faces Problem

The Bear River school board tomorrow evening will meet to consider the problem of more pupils than the school building can accommodate.

It has been tentatively proposed to send the overflow to Grass Valley schools on a bus daily until a large new class room can be constructed. The school has not yet opened though all other rural schools are now in session.

CHAMBER SEEKS WATER FOR SAN JUAN RIDGE

Main topic of discussion at the regular Chamber of Commerce meeting last Tuesday night at 8 p. m. was ways and means to aid North San Juan in securing an adequate water supply. A committee of North San Juan residents headed by W. E. Moulton was welcomed to the chamber meeting and details of the North San Juan water problem were explored.

George Calanan chairman of a committee consisting of himself, Fred Bush, Si Sofge and Jack Siegfried, appointed to aid the Ridge, said that he had gone before the board of supervisors on this matter and had requested money be allocated from the county's advertising fund to get water for San Juan Ridge.

Calanan also asked that the Chamber of Commerce set up a fund of $100 or $150 to be used for legal research to determine the status under law of water rights to the water in Bloody Run.

Jack F. Siegfried said he had been at Bloody Run and that it would take 3 1-2 miles of ditch to get water into Grizzly Creek. it can be diverted to North Columbia and thus serve the Ridge. James Snell was called upon for his views of the legal situation. He stated that water rights were a very complicated affair.

The view that the approximate cost of a project to provide water for the Ridge should be ascertained before going further with plans, was voiced by Thomas H. Taylor, local engineer. He stated several miles of ditch appeared necessary and estimated it would cost $10,000 per mile.

W. E Moulton of French Corral stated he wanted the requisite water for the people of the Ridge. There is already in existence a ditch 5 or 6 miles long, said Moulton, as well as reservoir sites for storage. About $15,000, he estimated would be enough to bring water in a 40-inch ditch from Bloody Run to the old diggings at North Columbia, where it could be made available to the Ridge.

A vote of thanks was extended to the Air Circus Committee for their hard work.

Mrs. Roy Deeter asked that the chamber take some action to clean up the empty lot belonging to the National Hotel below Frank Tilton's studio. Charles Veale volunteered to be a committee of one to take action on the matter.

Rev. Angus Miller, rector of the Trinity Episcopal Church, inquired what preventative measures were taken in this community agains the depredations of Halloween. President Bert Foreman informed him that the PTA had established the custom of giving a mammoth children's party every year at Halloween.

Miller also asked for pressure from the Chamber of Commerce to curb roaming dogs. "Dogs in packs" he said, were besieging his home on Nevada Street, spoiling his lawn and creating a constant annoyance. Several times, he reported, he had rescued chickens which he is raising in his back yard from the hungry "jaws of dogs."

Gordon Tryon delivered a brief homily about his own dog, which he stated was remarkably obedient and well mannered and responded immediately to an order in the form of snapping the fingers.

The chamber welcomed Bert See, owner of the Western Auto Supply store, as a new member.

J. Paul Bergemann spoke on the traffic hazard existing at Sacramento and Clay Street in front of Holmes Funeral Home. Rev. Miller stated that he objected to automobiles equipped with loudspeakers broadcasting advertisements outside of Holmes Funeral Home while funeral services were ebing conducted inside. He also stated that he objected to the Hot Mill shop working on Sunday and asked whether or not pressure could be brought to bear to bring about to enforce an regulation which he described as the Lord's Day Observance Act.

Rev. J. W. Moore spoke on the need for a community entertainment and recreation center and the town's best guarantee against junevile delinquency. He hoped that veteran's building to be built in the future would have facilities so that it could be used as a recreation center for the entire town.

At the conclusion of the meeting members informally discussed ways and means to increase attendance at chamber sessions. Attendance has been about 20 per cent of the chamber's total membership of 150.

FIFTY TO TRY FOR HIGH SCHOOL GRID ELEVENS

Fifty aspirants for places on the Nevada City high school team have turned out to greet the new coach, George Abbott.

Among the experienced gridders back of the line now returning are Robert Stroh, Dave Tobiassen, Kenneth Ronningen and Fred Anderson. Linemen returning to the squad are Dale Berger, Stnaley Bates, John Morrison, Ray Nelson and Keith Marsh. Ends who showed up for practice are Doyle Roche and Jack Coley.

Coming out to practice from last year's junior varsity are Bud Wood, George Pello, Robert Williams, Don Eden and Sam Beverage.

A complete list of the A and B squads follows: A squad, Charles More, guard, Dale Berger center, Jack Coley end, Kenneth Ronningen quarterback, Stanley Bates tackle, Keith Marsh guard, Harold Salter right end, John Morrison guard, Hubert Stroh halfback, Alan Thomas guard, Dave Tobiassen halfback, Roy Nelson tackle, Fred Anderson fullback, Jack Underwood quarterback, Lee Miller tackle, Albert Cozzolio end, Charles Hawkins end, Alex Bjoornstal halfback, Don Rice guard, and Phil Durbin guard.

B team: John Zunio guard, Dave Salter end, Bob Topliff guard, Burns Larson halfback, Ben Engstrom fullback, Chester Brady end, William Hoskins halfback, Kenneth Lanius halfback, William Kelly guard, Joseph Bertino guard, Robert Baker tackle, Ray Ellis end, Richard Penrose halfback, Warren Kelly center, Edward Hovey tackle, Henry Anderson halfback, Nick Pello end, Leroy Dow, halfback, Norman Ellis end, Robert Williams guard and John Parker center.

GRASS VALLEY MOVES TO BUILD SEWAGE PLANT

The Grass Valley city council has authorized Mayor Alison Simmons and City Clerk Lois LeDuc to contract with a firm of engineers, Thomas and Whipple, Palo Alto, Santa Clara County for plans and estimates for a modern sewage disposal plant.

Along with many other city councils in the Sierra foothills, the city council has been notified by state health department that dumping raw sewage into streams will be prohibited after October 1, 1947. The council reported that the plans and estimates will be ready for consideration within 60 days.

The engineers, it was stated, have agreed to outline the procedure for the expansion of present facilities, and prepare all applications necessary for obtaining federal and state grants to assist in the construction. Plans must be submitted to the State Board of Health and 90 days after a permit is granted it is hoped to start construction.

Grass Valley Chamber Directors Meet

The directors of the Grass Valley Chamber of Commerce met for luncheon for the first time since the summer vacation and discussed plans for the fall months.

A proposal to place a big sign at the junction of Highways 20 and 40 near Emigrant Gap was debated. The board also discussed extending an invitation to the city council members to attend meetings of the chamber. Thirteen board members were present and Vernon Stoll presided in the absence of Wesley Donnenwirth president.

Mr. and Mrs Dean Sommerfield of Redwood City were visitors over the weekend.

UNDECLARED WAR

Adolph Hitler is supposed to be dead.

But he seems to have been reincarnated in Marshal Tito, the "front" man for the Kremlin in Yugoslavia..

When Hitler was building himself up—while he also built up the nazi war machine—he carried a big chip on his shoulder which he constantly challenged the other nations to knock off. They finally did, and they knocked him off with it.

The chip on Marshal Tito's shoulder appears no less sizeable than the one Hitler had. In fact, it looks like the same chip. And Tito is no less loud mouthed in his invitation for somebody to try to remove it.

But before we lose our perspective on the situation let us remember that the trouble with Yugoslavia is not with Yugoslavia primarily. Nor is it even with Tito. It is another phase of the conflict with Russia. Tito only dances when Stalin pulls the strings. And apparently Stalin has been pulling the strings to find out just how much the United States will take without invoking drastic reprisals. Its sore of a Panay incident with a European setting.

In other words, the Russian leader wants to know just how far he can take his country along the expansionist road—how far he can push Russia's "peaceful" aggression against neighboring countries—before running into really dangerous opposition from us.—Contributed.

CALL FOR BIDS

The Board of Trustees of the Nevada City Unified School District invites submission of bids for transparting approximately eight pupils from a point on the Cement Hill Road near the Leslie J. Orzalli residence to Nevada City during the morning of each school day and to return from Nevada City to the same point each afternoon; the bidders to be ready to enter into an agreement as an independent contractor, to furnish a properly qualified driver and a vehicle which conforms to the State requirements and to carry the necessary insurance coverage; with the provision that each day that the contractor fails to make two round trips per school day he shall forfeit a sum equal to 1/150th of his total accepted bid. Such contractor shall deliver his passengers to the Nevada City Elementary School not later than 8:30 A. M. of each school day and shall be prepared to leave the school with the pupils at approximately 3:30 P. M. of each school day. Bids will be opened at a special meeting of the Board to be held Friday Evening, September 27, 1946 at 8:00 P. M. The Board of Trustees reserves the right to accept or reject any bids.

Publication dates: September 12, 1946 and September 19, 1946.

By order of
BOARD OF TRUSTEES, NEVADA CITY UNIFIED SCHOOL DISTRICT.
ALBERT S. BATES, President.
MILES D. COUGHLIN, Secretary.

STATE OF CALIFORNIA DEPARTMENT OF PUBLIC WORKS DIVISION OF ARCHITECTURE

NOTICE TO CONTRACTORS

SEALED PROPOSALS will be received at the office of the Division of Architecture, Public Works Building, 12th and "N" Streets, Sacramento, California, up to 2:00 P. M. Tuesday, September 24, 1946, said bids thereafter on said day to be publicly opened and read for Twelve Man Barracks, Division of Forestry, Higgins Corners, Nevada County, California, in accordance with plans and specifications therefor.

The Barracks is one story wood frame, concrete floor, composition shingle roof, wood shash, and contains approximately 2115 sq. ft. of floor area.

Authority Notice— Approval for this construction was granted by the Civilian Production Administration, with Serial 9-1-994.

Prevailing Wage Scale: In accordance with the provisions of Section 1770 of the Labor Code, the Department of Public Works has ascertained the general prevailing rate of wages applicable to the work to be done to be as follows:

NEVADA COUNTY

	Hourly Rate
Carpenters	$1.75
Cement Finishers	1.75
Electric Workers	1.875
Glass Workers	1.375
Laborers Building	1.15
Lathers	1.60
Painters (Brush)	1.60
Plasterers	1.875
Plasterers Hod Carriers	1.25
Plumbers	1.875
Power Equipment Operators	
Cement Mixers—Up to one Cu. Yd.	1.60
Trenching Machine	2.00
Roofers	1.75
Sheet Metal Workers	1.75
Any classification omitted herein not less than	1.15

Overtime—One and one half times the above rates.

The rates of wages, including overtime, holiday or Sunday rates, above specified are subject to the effect, if applicable hereto, of executive orders of the President of the United States and to any modification thereof and to any and all lawful orders of the President or any other authorized Federal Officer or agency, in so far as the same may be applicable to this contract. In case of any inconsistency the rates fixed by any such applicable Federal Order, whether higher or lower, shall control.

Apprentices may be employed provided they are properly indentured to the Contractor in full compliance with the provisions of Section 1777.5 of the Labor Code.

Plans and specifications for examination are on file in the office of the Division of Architecture, Public Works Building, Sacramento, and Room 803 State Office Building, Los Angeles, and at the principal California Cities Buliders' Exchange Offices.

Contractors who are desirous of securing plans, specifications, and proposal forms for the purpose of preparing and submitting a proposal for this work may do so subject to certain conditions hereinafter stated by requesting same in writing from the Division of Architecture, Public Works Building, Sacramento.

No bid will be considered unless it is made on a blank form urnished by the Division of Architecture, and is made in accordance with the provisions of the Proposal Requirements and Conditions set forth under Section 1 of the Standard Specifications. Each bidder must be licensed and also prequalified as required by law. (See said Proposal Requirements and Conditions.)

The Department of Public Works reserves the right to reject any or all bids and to waive any informality in any bid received.

No bidder may withdraw his bid for a period of thirty (30) days after the time set for opening thereof.

NEVADA CITY

SEVENTY-FIVE YEARS AGO
—AND—
FIFTY YEARS AGO

NEVADA CITY 75 YEARS AGO

Item: Burglars and horse thieves have been making some rich hauls in and around Eureka, Humboldt County.—Exchange.

Lots of Democrats left San Francisco for that county a short time ago. That accounts for the "milk in the cocoanut," eh?—Transcript.

Preston was selling Devoe's coal oil in his store at five bits a gallon.

A. Delano of Grass Valley commonly called "Old Block" had a narrow escape from a huge 600 pound black bear in the neighborhood of Webber Lake. The bear treed the gentleman who took advantage of his position to shoot and kill the animal.

M. S. Deal, J. M. Hayes, S. Barker, H. Everett and John Caldwell were to address the people of this city on the political issues of the day.

The Hon. A. A. Sargent had a political debate at Martinez with Lewis and Brown, Democrats. It was proved to the saisfaction of the audience that one Republican is the equal of two Democrats.

Adv: A teacher for the grammar department in one of the districts in this county, with a salary of $90 a month. Apply in person or by letter to the editor of this paper, forthwith.—Transcript.

NEVADA CITY 50 YEARS AGO

There had been received into full connection at the Methodist Church during the year 93 new members, under the efficient pastorate of Rev. W. C. Gray.

Daniel McFall, one of the city's best miners, was appointed superintendent of the Home Mine on Deer Creek. Charles Khal was appointed vice superintendent.

J. A. Northway purchased a splendid jet-black horse from Pat Riley of Grass Valley.

George Allen was having a rock curbing placed in front of his property on Main St. opposite the Union Hotel.

J. J. Jackson was selling in his grocery store 50 pounds of flour for one dollar.

Miss Rose Kilroy and Mr. Frank Irskine were married in the home of the bride's sister, Mrs. J. H. Connors, in East Broad Street. Only relatives witnessed the ceremony which was performed by Rev. Father Clyne of St. Canice Catholic Church. The groom was a well known electrician with the Electric Power Company and had been with that company since its organization in Nevada City.

CHRISTIAN SCIENCE CHURCH

Christian Science Society of Nevada City holds services every Sunday in their church 114 Boulder St. at 11 o'clock. Sunday school at 9:45 a. m. A Wednesday evening testimonial meeting is held in the first Wednesday of each month at eight o'clock. Our reading room is in the church edifice. It is open Mondays, Wednesdays and Fridays, holidays excepted, from 2 to 4 p. m. The public is cordially invited to attend our services and visit the reading room.

The subject of the Christian Science lesson sermon for Sunday, September 15, is "Substance" with the Golden Text from Isiah: "Wisdom and knowledge shall be the stability of thy times and strength of salvation: the fear of the Lord is his treasure" (33:6).

The following citations are from the sermon:

Psalms 73: 25, 26: "Whom have I in heaven but thee? and there is none upon earth that I desire beside thee. My flesh and my heart faileth: but God is the strength of my heart and my portion for ever."

"Science and Health with Key to the Scriptures" by Mary Baker Eddy "How true is it that whatever is learned through material sense must be lost because such so called knowledge is reversed by the spiritual facts of being in Science. That which material sense calls intangible, is found to be substance. What to material sense seems substance becomes nothingness as the sense dream vanishes and reality appears" p. 312.

Many old prospectors have been saved from thirst by the water contained in the famous barrel vactus. Today this barrel cactus furnishes the base for some of the noted cactus candies.

CROWN JEWEL TRIAL . . . Capt. Kathleen Nash Durant, shown as she appeared with her defense counsel at opening of her trial at Frankfurt, Germany, in connection with the theft of the Hesse crown jewels.

Automobiles Of Future To Use Alcohol Fuel

LOS ANGELES, Cept. 2—Alcohol some day may be used as a motor car fuel when America's supplies of petroleum run low according to Dr. Thomas L. Jacobs associate professor of chemistry on the Los Angeles campus of the University of California.

"At present time, however, it cannot compete with gasoline and even in foreign countries where gasoline is expensive alcohol requires government subsidy to compete as a fuel" he said.

Speaking before the Institute of Alcoholic Studies held recently on the Los Angeles campus, Dr. Jacobs pointed out that alcohol is an important substance in the industrial and economic life of the United States aside from the problems it presents as an intoxicant.

The United States normally produces some 200,000,000 gallons of industrial alcohol each year for non beverage uses and during the war this total was stepped up to 500,000,000 gallons almost all of it going into war production.

The principal industrial uses for alcohol are as a solvent for medicines in chemical processing, in the manufacture of munitions and as a raw material for synthesis—especially during the last few years in the synthtic rubber program.

Since the war ended traffic deaths have jumped one third the national Conservation Bureau reports. Traffic accidents now claim 950,000 victims killed or injured each year. These are seldom accidental the bureau says most of the accidents that happen are caused by carelessness and doing things without thinking about consequences.

BOLTS MUST BE TIGHT

That thump in the front of the car when driving over a rough stretch of road is often the product of loose spring bolts, declares National Automobile Club. It makes for discomfort because the resilience of the spring is destroyed. It is dangerous because it means that one leaf of the spring is taking all the strain. It also contributes to hard steering but it is most easily remedied.

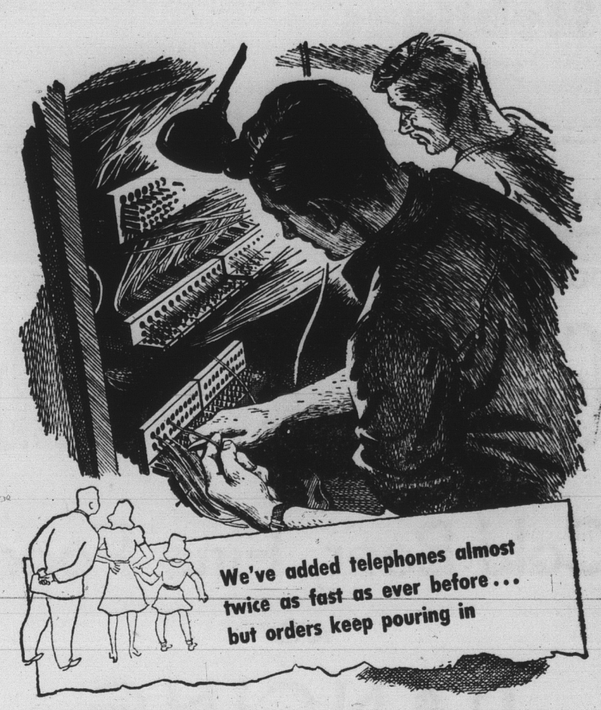
The trouble with the paper shortage is that it never seems to strike the OPA propoganda bureau.—Union Banner, Clanton, Ala.

....SPARK PLUG POINTERS

Many points have been given on spark plug points. One that seems to have been missed, reports National Automobile Club is that eventually, if not immediately after the 10,000 miles accepted as standard, the points will burn and make the gap wider than that prescribed for best performance. The car keeps running but not as well as if the points were right.

Maybe the taxpayers should take the T out of tax and give the New Deal the remainder.—Lincoln Republican, Indiapapolis, Ind.

Report to people who are waiting for telephone service



More than 324,000 telephones have been added on the Pacific Coast in the first full year since the war. During the first half of 1946 we added telephones almost twice as fast as ever before.

Still, there is a tremendous job yet to be done. The Pacific Coast is continuing to grow rapidly. New applicants for telephone service have been pouring in at double the rate a year ago.

But we are doing our best to catch up. Millions of dollars worth of new equipment is on the way.

You may be certain that we will bring you your telephone just as soon as we possibly can. Thank you for your patience.

SERVICE

MOST ESSENTIAL SIGNAL

"Traffic authorities will say that the three hand signals—those for left and right turns and for stopping—are important," states Bert Stewart public safety director of National Automobile Club. "The most important of the three arm signals—and the motorist who does not know it and act accordingly nearly always comes a cropper eventnally—is that for the left turn. It involves by far the greatest conflict with other vehicles. Know and give your arm signals when ever making a change in direction or maneuver which will effect other machines."

The fall months are the time to begin being particularly careful of waxed floors and slippery pavements, the National Conservation Bureau warns. There were 27,800 deaths in this country from falls last year. Wet leaves and insecurely fastened rugs are espectors of nobody.

FLEET GOES ANYWHERE . . . Fleet Adm. William F. Halsey Jr., above, said that it's nobody's damn business where the U. S. government sends its powerful fleet. The wartime commander of the famed Third fleet declared at a press conference that the navy is free to send ships anywhere.

BEST DRIVERS

"Best drivers are those who are always learning to drive," declares Bert Stewart, Jr., public safety director of National Automobile Club. "It may sound like a paradox but actually it is not. To go on learning to drive after having mastered the art of operating the controls means to make a part of your driving technique every experience which comes to you in traffic. By utilizing in this fashion the pattern of your driving will have a breadth capable of dealing with every situation you encounter. Knowing how badly others drive is very much a part of being a good driver."

Veterans' News

Recent legislative changes in law again re-emphasize the advantages of National Service Life Insurance as protection for the veteran's family.

As the law now stands, any person who had active service between October 8, 1940 and September 2, 19455 may take out a term insurance policy convertible after one year to one of the many permanent plans now available.

All the applicant has to do is to pay the necessary premiums and show evidence of good health. Free physical examinations will be given by the Veterans Administration outpatient service.

The law further specifies that the health requirements may be waived in the case of a disability resulting from or aggravated by service, provided the disability is less than total.

Q: May I name my niece as the beneficiary of my GI insurance?

A: Yes. Under the new insurance law, you may name any person, corporation, bank or other legal entity (including your estate) as beneficiary of NSLI.

Q: Can a veteran pay his NSLI premiums by deductions from compensation or retirement pay being paid to him through the VA?

A: Yes. The policy holder may authorize the monthly deduction from such sources, provided the income is sufficient to cover the entire premium.

Q: Are members of the merchant marine eligible for benefits under the Servciemen's Readjustment Act?

A: No.

Q: Why is it necessary to have property appraised in order to obtain a GI loan?

A: The law requires that the purchase price paid or to be paid for property, or the cost of construction, alterations and improvements must not be more than the reasonable value thereof as determined by proper appraisal made by a VA-designated appraiser. This provision and the appraisal it entails are requirements made by songress for the protection of the veteran.

Breakdown Of Cost Of County Government

Nevada county's $38.72 per capita cost of county government for 1944-45 was spent $4.66 for general government, $2.40 for protection to persons and property, $1.09 for health and sanitation, $4.16 for highways and bridges, $25.48 for charities and corrections, 93 cents for recreation, education and miscellaneous, California Taxpayers association said today.

Over the state as a whole the counties spent an average of $26.67 for general county purposes during 1944-45 Of this an average of $2.32 per capita was for general government, $2.20 for protection to persons nad property, 78 cents for health and sanitation, $2.48 for highways and bridges, $16.55 for charities and corrections, 94 cents for recreation, education and miscellaneous and 40 cents for debt payments, the association found.

GLARE WEATHER

"If you care about your seeing ability" Bert Stewart publci safety director of National Automobile Club suggests, "keep your windshield clean and thereby see what is before you. A motorist cannot avoid what he cannot see and dust and road grime on the windshield creates the hazard of glare."

Almost Million Trout Planted In This Area

The fish and game board's trout planting crew broke camp in Bear Valley 20 miles east of this city last Saturday after planting 946,161 rainbow trout and 336,521 eastern brook trout in streams and lakes ranging from the Middle Fork of the Yuba River to the North Fork of the American River and from Dry Creek in the west to the Little Truckee River in the eastern end of the county.

The planting was done through July and August, Andy Weaver, foreman of the trouting planting team, was aided by Ed Myers, chairman of the Grass Valley Rifle, Rod and Gun Club committee, by William Black of the Tahoe national forest and others.

Territory in which fish were planted includes the lakes and streams along Highway 40 in Placer county and northward to the headwaters of the Middle Yuba River in Sierra County.

Grass Valley School Enrollment Breaks Record

G. T. Tennis, superintendent of Grass Valley schools yesterday stated that enrollment of students for this term has broken all former recordss

Enrollment in the elementary grades totals 1120, 120 more than last year and more registrations are expected during the next fortnight.

William M. Willson, principal of the high school, reports 456 registered to date with the expectation that total enrollment will exceed that of last by at least 20.

The tax rate, fixed by the Grass Valley city council for the fiscal year will be $1.20 per $100 of assessed valuation. The increase of 20 cents over the $1. rate of last year for an increase of 10 cents for the general fund and a 10 cent boost in rate for the library fund.

PERSONALS

Mr. and Mrs. J. W. Mullin of Corona, Riverside County have been guests of Mr. and Mrs. L. B. Mullin of this city for the past week.

Mrs. Jean Smollet, Mrs. Mary Wallis and John Lewis, new teachers in the elementary school were introduced to the faculty Monday by Lloyd Geist, principal.

Mrs. C. E. Mills former resident, has been visiting her friends here during the week. She returned to her home in Oakland Tuesday.

Miss Evelyn O'Connor who has been visiting her father C. B. O'Connor of this city has returned to her position in the Roseville schools.

Mr. and Mrs. James Robinson who has been occupying the McCraney residence with their daughters departed yesterday for Woodlake, Kern County where they will reside.

Mr. and Mrs. George Willard of Vallejo, Solano County, and son Michael have been visiting Mrs. Willard's mother, Mrs. Pearl Strach of Willow Valley.

Mr. and Mrs. Muller Chapman and children of Santa Barbara are guests of Mr. and Mrs. Harry Davey and Dr. C. W. Chapman.

Ernest Marks Weds Miss Thelma Johnson

In the Grass Valley Methodist Church Grass Valley, Saturday evening, September 7, Miss Thelma Rae Johnson and Ernest Harold Marks were joined in marriage by Rev. Jesse Rudkin, pastor. The altar lighted with a giant candlabra of white tapers was the background for the double ring ceremony.

The bride was lovely in her gown of sheer rayon organdy, fitted and with a long train. Her only jewelry was a string of pearls presented by the bridegroom A short veil flowed from a Juliet cap and she carried a shower bouquet of chrysanthemums and bouvardia bound in white streamers.

Miss Margaret Johnson was maid of honor, clad in a sea green gown wit hshirt sleeves and fitted bodice. Bridesmaids were Mrs. Warren Escher cousin of the bride and Miss Onieta Jones, in white gowns with styling identical to that of the maid of honor.

George Marks, brother of the bride groom was best man. John Marks and Wallace Morrison were ushers.

A reception for family relatives and friends followed in Wesley Hall. After spending their honeymoon in Carmel the couple will live in San Jose.

Mrs. Bonebrake Chosen Red Cross Secretary

Leland S. Smith chairman of the Nevada City Red Cross Chapter has resigned his post due to his business which requires his absence much of the time. No one was chosen to fill the vacancy.

Mrs. D. S. Bonebrake, who has been doing home service work, has accepted the post of part time executive secretary. Arrangements are being made for a downtown office for the Red Cross.

Lumber Interests Centered In Aguire Building

Lumber, logging and trucking interests have established their headquarters in Aguire Building on Broad Street.

Among the companies which have established offices there are the Brohler Sales Company of San Francisco of which Edward Stephens of this city is manager, and the Margaret Setzer Dyr Yard and Lumber Mill Company which has established a drying yard on the Lake Olympia Road.

VISITORS FROM ITALY

Mr. and Mrs. Peter Andriotti are hosts to Mr. and Mrs. Gino Tofanelli and Adolfo Tofanelli who arrived last week from Torre del Large Puccini, Italy, after a ten days voyage across the Atlantic and four day journey from New York by rail.

Mrs. Tofanelli is a niece of Andriotti a prominent lumberman here.

METHODIST CHURCH

Joseph W. Moore, minister. Parsonage at 427 Broad Street. First meeting of the choir tonight at 7:30. All members expected. New singers welcomed. Also meeting this evening the mid week fellowship of prayer at the same hour. Sunday the church school under superintendency of R. C. Murchie, ten o'clock. At 11 o'clock the regular morning worship with sermon by the minister, baptism and reception of members.

UNIVERSITY WOMEN MEET

The Nevada County Branch of the American Association of University Women, met last evening at the home of Mrs. Charles S. Haley, 304 Nevada Street in the first meeting after the summer vacation.

Harry Hyatt, soil conservation manager of Grass Valley, was the speaker.

TREES DIE YOUNG

Very few trees die of old age. Most of them die prematurely because of lack of care or ravaging insects and diseases reports F. A. Bartlett of a Stanford, Conn. research laboratory. The normal life span of an elm is around 400 years, a hemlock 500. Yet a 250 year old tree is ararity. Bartlett said, because many of our fine trees are living under unnatural conditions and fail to receive proper care.

The state shield of Oregon is inscribed with a forest and a ship in recognition of the importance of these two industries.

TRINITY EPISCOPAL CHURCH

Rector, Rev. Angus Miller. Services, Sunday, Sept. 15. 8 a. m. Holy Communion. 9:45 a. m. Sunday School. 11a. m. Morning Prayer Sermon.

Mr. and Mrs. Chester Scheemer are spending their vacation this week in Los Angeles.

Miss Joyce Myers Weds Kenneth Lloyd

Miss Joyce Meyers and Kenneth H. Lloyd were married in the Grass Valley Methodist Church, Sunday, September 8, by Rev. Jesse R. Rudkin, pastor.

The church interior was beautifully decorated with baskets of pastel colored gladioli and white asters. The altar railing was covered with wreaths of Cecil Brunner roses.

The bride was given in marriage by her father, William Meyers. She wore gown of ivory satin with long sleeves and a sweetheart neckline. A fitted bodice with a draped waistline ended in a full skirt and long train. She carried a white prayer book with long streamers of white bouvardia tipped with a white orchid.

Her bridesmaids were Miss Madeline Meservey and Miss Mildred Moneta. Flower girl was little Nina Moran. Maid of honor was Miss Florence Chellew. Stanley Penaluna cousin of the bridegroom was best man. Frank Nettell, Alvin Fischer and Ivan Jacoby were ushers.

The reception held at the home of Mr. and Mrs. J. T. Moran following the wedding, was attended by 200 friends and relatives. Mrs. Robert Hawkins, Mrs. Stanley Penaluna and Mrs. Joseph Moran assisted in serving refreshments.

The bride is the daughter of Mr. and Mrs. William Meyers and the bridegroom is the son of Mrs. Agnes Lloyd. He is a veteran of the late war and a graduate of Grass Valley schools.

Freshman Dance At High School Friday

The Freshman Class of Nevada City high school will hold a dance Friday night from 8 to 11 p. m. in the school gymnasium. Music will be provided by the high school band.

The chaperone will be Miss Corr, freshman advisor. The seniors are in general charge of the affair.

Larger Choir For Trinity Church

Members of Trinity Episcopal Church will meet this evening in the parish hall to consider means of enlarging the present choir. The usual practice will take place under the direction of Mrs. Carl Libbey.

The rector, Rev. Angus Miller, and the choir leader are anxious, they state to enroll new members and it is hoped that at the meeting this evening singers can be recruited.

The largest gold nugget ever found weighed 630 pounds.

Machinist Of Grass Valley Succumbs

Funeral services are pending in Hooper and Weaver Mortuary in Grass Valley for Gibson F. Chambers who died in a local hospital Monday night.

Chambers was a machinist aged 69 years, a native of Missouri. During the war he was engaged in work in the shipyards in the San Francisco bay area. He returned some months ago to make his home here and resided at 523 Mill Street.

Surviving are his wife Mrs. Hazel Chambers, daughter, Mrs Loore L. Wright and Jack R Chambers, both of Laguna Beach, Orange County.

All Day Meeting At Congregational Church

There is an all day meeting in the Grass Valley Congregational Church in progress today at which several speakers, all from Sacramento are being heard.

The morning session began at 10:30 o'clock and was followed by a potluck luncheon. The afternoon session begins at 1:30. Speakers are Rev. I. R. Wall of the Central Baptist Church, Rev. Frank Fung of the Chinese Mission, Rev. O. M. Temple, Presbyterian and Rev. F. N. Crossman of the Eighth Avenue Baptist Church. Rev. W. W. Turner, pastor was host to the visiting clergymen

RABBIT SHOW

The Sierra Nevada Rabbit Breeders Association will hold its annual show in Memorial Park Grass Valley Sunday, September 29.

The announcement states that a judge from Sacramento will award prizes and ribbons for the best exhibits. The affair will be in the nature of a picnic each exhibitor and rabbit enthusiast bringing a lunch.

Each rattlesnake helps man by killing off between 100 and 150 rats, mice, gophers nad ground squirrels every year.

The dried stalks of the desert yucca are gathered and sent to a factory in New York for the manufcture of artificial limbs.

Sue Shopper Says:

"Yesterday I went on a tour through ALPHA HARDWARE CO and was amazed by the number of postwar items back on ALPHA'S shelves! For instance, as you go in the door, you see gleaming white enameled Handi-sift flour sifters ($1.50) with a bright flowered pattern. I don't know where I could have found them except at ALPHA HARDWARE CO! Electric clocks, alarm and non-alarm, are back on ALPHA'S shelves, too. I liked particularly a dark wood Telechron mantel clock, gilt-faced and only $8.23. Then there are brand-new, fresh-from-the-factory 2 qt. pressure cookers (Universal brand) with a safety-seal cover — and they cost just $10.95. The dial on the Casco Automatic Electric Heating Pads ($7.32) is illuminated so you can set the pad to a cozy heat in the dark. Gosh, a trip through ALPHA HARDWARE CO. is a real education—everything from divans to cake decorators! I'm going again soon, and I'll tell you all about it!"

THE NEW SENSATION
CARS LUBRICATED
WHILE IN SWAYING MOTION
INCREASES THE LIFE OF YOUR CAR
DECREASES REPAIR BILLS
AUTO-ROCK
LUBRICATION PRACTICALLY UNDER DRIVING CONDITIONS
SWAYS SQUEAKS AWAY

WE—Pull the spring leaves back into their natural curl —we call it "Temporary Re-arching."
WE—Put the proper lubricants where the ACTUAL WEAR takes place — the highest points of friction.
WE—Permit 100% lubrication, apply grease while the car is in motion and while the weight of the body is on the AUTO-ROCK.
WE—Spread spring leaves even inside the covers to actually put lubricants between the leaves—not just smear on the outside.
WE—Locate that HIDDEN BODY SQUEAK; we detect impaired parts.
WE—Lubricate "Knee-Action" cars. See it work. It's perfect while the parts are all in motion—"floating action".
WE—Lubricate and free bearings even in WINTER, so snow and water won't rust them — also FORCE OLD LUBRICANT OUT and FRESH LUBRICANT IN.
WE—Make old cars ride like new ones, keep new ones riding like NEW—WE prove it.
